

**German Standards.
Indian Execution.**

**Reliable
Manufacturing
Partner For Global
OEMs In India**

Who We Are

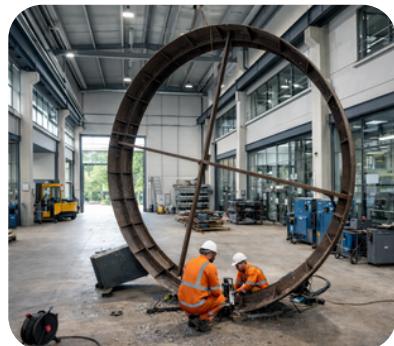

Oswal Engineering Works (OEW) is the manufacturing and engineering execution arm of the Oswal Group of Industries. We function as a build-to-print and build-to-spec partner for OEMs requiring reliable production capability in India.

Our approach is process-driven, documentation-oriented, and aligned with international OEM expectations.

What OEW Does

OEW (Oswal Engineering Works), the engineering execution division of Oswal Group of Industries, supports OEMs with

- Build-to-Print Manufacturing
- Heavy & Medium Fabrication
- Precision Machining
- Mechanical Sub-Assemblies
- Engineering Documentation Support

OUR STREAMLINED WORKFLOW

- Structured production planning
- Drawing revision and document control
- Inspection-first production culture
- Predictable lead times
- Confidentiality and IP protection
- Multi-process capability under one roof
